

# BUSINESS MANAGEMENT, ASSOCIATE OF APPLIED BUSINESS

The Associate of Applied Business degree in Business Management is designed to help you become an effective manager of projects as well as personnel. The business management curriculum will enable you to advance personally in a business environment while you contribute to your company's goals and objectives. Your courses will familiarize you with general management theory and practice, as well as critical knowledge in accounting, marketing, purchasing, economic and legal aspects of the modern business world. Prepare yourself for a business related-career or advancement in industrial or consumer product or retail setting.

## Program Learning Outcomes

This program is designed to prepare students to demonstrate the following learning outcomes:

1. Demonstrate competency in communicating effectively, both independently and in teams, using oral, written, or non-verbal

techniques. The use of technology, will be included in the gathering and presentation of information.

2. Apply general math skills to analyze general business operations.
3. Demonstrate the ability to identify and understand basic theories, principles, and practices, and terminology related to each functional area of business.
4. Apply knowledge in the decision-making process and problem-solving process.
5. Interpret and explain the importance of diversity in the global workplace.
6. Identify the foundations and importance of ethics and social responsibility, and how business integrates this into their ongoing operations.

BADM-2830	Cooperative Field Experience	1-3
MARK-1080	Social Media Marketing	3
MARK-2261	Integrated Marketing Communications	3

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a counselor to determine the appropriate math required for your current major.
