CLASS A CDL TRUCK DRIVER TRAINING

Program description

This 160-hour course provides classroom and hands-on instruction in driver safety, transporting cargo, air brakes, combination vehicles, tank vehicles and hazardous materials. Training includes pre-trip vehicle inspection, vehicle control and on-road driving (required for skills testing). The course also introduces students to CSA methodology for scoring carriers and drivers.

This program is licensed by the Ohio Department of Public Safety as a CDL Driver Training School and meets all federal ELDT requirements.

Features

- Industry-related equipment
- Eaton AutoShift transmission
- 10-speed manual transmission
