

PLEXUS UNDERSTANDING AND INTERNAL AUDITING FOR ISO 14001:2015

Program description

An environmental management system (EMS) based on the ISO 14001 standard is recognized worldwide as a superb methodology for reducing environmental hazards and maintaining regulatory compliance, as well as a cost-saving vehicle. EMS internal auditors assist an organization in maintaining an effective EMS and meeting environmentally sensitive targets and objectives. This course teaches you to use environmental methodology and tools that will help drive continuous improvement at your organization.

Other important information

A written exam covering ISO 14001 content and the application of audit principles and practices based on ISO 14001 will be administered during class.

Program cost
