Learn more about the Right Skills Now CNC Operations Program.

Program description

The CNC Right Skills Now (RSN) program is a collaboration between Tri-C and Swagelok, geared toward providing a fast-track option to identify, train and successfully place individuals as entry-level CNC operators. This 500-hour program provides 180 hours of classroom-based instruction followed by 320 hours of a paid and hands-on internship at Swagelok. Students who complete both the classroom and internship portions of the Right Skills Now program are likely to be offered a full-time position at Swagelok.

Other important information

Program Entry Requirements:

- Must be at least 18 years old
- Must be able to provide a valid high school or GED diploma
- Must score 4 or higher on all sections of the WorkKeys National Career Readiness Assessment (Applied Math, Graphic Literacy and Workplace Documents)
- Pass Tri-C and Swagelok interview(s)
- Pass background and drug screens
- Attend all program sessions

Program cost

\$4,295 (tuition includes one NIMS test attempt and job placement services)
