

ADVANCED MANUFACTURING AND ENGINEERING (WORKFORCE TRAINING PROGRAMS)

Degrees and Certificates

- 3D Digital Design and Manufacturing Technology, Certificate of Proficiency
- Automation Maintenance, Certificate of Proficiency
- Industrial Maintenance, Certificate of Proficiency
- CNC Machining and Composites Manufacturing, Short-Term Certificate (also known as Precision Machining Technology)
- Digital Design & Product Innovation, Short-Term Certificate
- Digital Manufacturing and Product Launch, Short-Term Certificate
- Industrial Welding, Certificate of Proficiency
- Industrial Maintenance Technology, Associate of Applied Science

Training and Credentials

- CNC Technology Certificate Program
- Computer Aided Design (CAD) for Professionals
- Electrical Technician Certificate of Completion
- Fast-Track Welding Certificate Program
- Steelworkers for the Future
- Right Skills Now CNC Operations Program
- Manufacturing Technical Readiness Program
- Nondestructive Testing (NDT) and Quality Assurance (QA)
