¹ CHEM-1010 Introduction to Inorganic Chemistry will be accepted in place of BIO-1100 Introduction to Biological Chemistry. Must complete BIO-1100 Introduction to Biological Chemistry (or CHEM-1010 Introduction to Inorganic Chemistry) with a grade of "C" or higher for admission to the Veterinary Technology program.

² Must complete MATH-1190 Algebraic and Quantitative Reasoning or higher with a grade of "C" or higher for Veterinary Technology program admission. MATH-1240 Contemporary Mathematics taken prior to Fall 2024 will be accepted to meet mathematics requirement for this program.

³ Must complete ENG-1010 College Composition I with a grade of "C" or higher for Veterinary Technology program admission.

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics

requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a counselor to determine the appropriate math required for your current major.
