

TUTORING

Tutoring at each campus provides students the resources to improve skills, develop strengths and maximize achievement in many college courses. Study guides, outlines and books can be reviewed to help students organize work. Individual and small group tutoring is available in many academic subjects. The online tutoring service Smarthinking is an additional resource available to students in select subject areas. Workshops on specified topics are offered at several campus tutoring centers.

Visit the Tutoring website or call to find out how to learn more effectively:

- Eastern Campus: 216-987-2343 • ESS 1108
- Metropolitan Campus: 216-987-4253 • MSS 4th floor
- Western Campus: 216-987-5683 • WTLC GT 115
