

ADVANCED LAW ENFORCEMENT (ZLAW)

ZLAW-1002 Police Urban Mountain Biking 4 CEUs

This course introduces the novice or experienced police bicyclist to the latest techniques in basic patrol cycling. This physically and mentally demanding course combines emergency vehicle operations for bike officers with patrol procedures, tactics, night operations, scenarios, basic bike maintenance and on-the-road repairs. Learn to ride like a pro, avoid crashes and use your bike to foil the bad guys every time. Off-road riding and bike-specific live-fire exercises may be added at the instructor's discretion. Participants must attend all class dates and pass all examinations to be awarded the International Police Mountain Bike Association (IPMBA) Certificate of Completion. Certificate will be sent by IPMBA. Prerequisites • Current law enforcement officer • Basic bicycle-handling skills • Good physical condition

Not financial aid eligible.

ZLAW-7054 IPMBA E-Bike Training Course

0.8 CEUs

This eight-hour e-bike training module uses a combination of lectures, skill practice and isolation drills to help public safety cyclists transition their fundamental cycling skills from conventional bicycles to e-bikes. E-bikes are faster, heavier and less maneuverable than conventional bicycles; therefore, public safety cyclists must successfully complete the applicable IPMBA Public Safety Cycling course prior to registration. Note: This training module does not support out-of-class electric vehicles (OCEVs) that exceed the maximum legal speed limit for e-bikes.
