INTEGRATED SYSTEMS ENGINEERING TECHNOLOGY FACULTY

Jarrett, Nicholas

Assistant Professor

nicholas.jarrett@tri-c.edu

(216) 987-2834

Department: Integrated Systems Engineering Technology, Electrical/Electronic Engineering Technology

Office Location: Metropolitan Campus, MATTC 259

Education: M.B.A., Tiffin University
B.S. in Electronics Systems Technology, Southern Illinois University
Journeyman certification in Automation Maintenance from the State of Ohio

About: Nicholas Jarrett has taught full-time at Tri-C since 2022 and previously spent a year as an adjunct. He started his academic career at Terra State Community College, where he worked for three years.

Prior to teaching, Jarrett worked in various roles in the industrial maintenance field for 20 years. Jarrett culminated his career in industrial maintenance as a maintenance superintendent for two years. He also served six years as an aviation electronics inspector in the Marine Corps.

He chose to transition to academia to make a difference in students' lives and provide them with the tools to succeed in engineering trades.
