

CCNA CYBER OPS

Program Description

The Cisco CCNA Cyber Ops program prepares you to begin a career working with associate-level cybersecurity analysts within security operations centers. Students learn beginner-level skills in basic threat analysis, event correlation, identifying malicious activity and using a playbook for incident response. Be prepared to rapidly detect cybersecurity breaches and effectively respond to security threats. Upon program completion, students are prepared to sit for the CCNA Cybersecurity Fundamentals (SECFND) v1.0 exam and the CCNA Cyber Ops (SECOPS) v1.0 exam).

The program includes the following courses:

Code	Title	Credit Hours
ZCIS-1058	CCNA: Cisco CCNA Cybersecurity Fundamentals (SECFND) v1.0	4
ZCIS-1059	CCNA: Cisco CCNA Cyber OPS (SECOPS) v1.0	4

Program Cost

\$2,990
