

CLASS A CDL TRUCK DRIVER TRAINING

Program description

160 hours of classroom and hands-on training and testing provide instruction in driver safety, transporting cargo safety, air brakes, combination vehicles, tank vehicles and hazardous materials. Training includes pre-trip vehicle inspection, vehicle control, and on-road driving (required for skills testing).

We also introduce students to the new CSA methodology for scoring carriers and drivers, in which any safety violations are organized into the seven BASICS.

This program is licensed by the Ohio Department of Public Safety as a CDL Driver Training School.

Features

- Industry-related equipment
- Eaton autoshift transmission
- 10-speed manual transmission
- Eaton's VORAD[®] Collision Avoidance Radar
- Small classes
