

ENROLLED AGENT

Program description

Enrolled agents are licensed by the federal government and have demonstrated special competence in tax matters and professional ethics, allowing them to practice before the IRS anywhere in the United States. The Enrolled Agent program is a blended-learning program that prepares participants to pass the IRS Special Enrollment Examination (SEE). Sessions are structured based on the Gleim System for Success. The SEE is a three-part exam administered by Prometrics on behalf of the IRS. Candidates must successfully pass all three parts to receive IRS-EA certification.

- The Special Enrollment Examination is not administered as part of this course, nor is the cost included in the course fee. Visit the Prometrics testing center site for more information.
