

NURSING (ACCESS LPN TO RN TRACK), ASSOCIATE OF APPLIED SCIENCE

Upon successful completion of the associate degree nursing program requirements, graduates are eligible to take the National Council Licensure Examination for Registered Nurses. The curriculum is divided among nursing courses and non-nursing courses. The nursing courses consist of classroom activities and hospital experience caring for clients of all ages with a variety of health deviations.

Note: This program admits students in the Spring Semester and it is a modified evening/weekend program.

Program accreditation is held through the Accreditation Commission for Education in Nursing (ACEN). For current information on the program status, please go to <http://www.acenursing.us/accreditedprograms/programsearch.htm> and search for Cuyahoga Community College.

For students admitted to the Nursing program prior Fall 2020, please see program requirements listed in the 19-20 catalog: <http://catalog.tri-c.edu/archives/2019-2020/programs/nursing-access-lpn-rn-track-aas/>

Related Degrees and Certificates

- Practical Nursing, Certificate of Proficiency

Program Admission Requirements

Starting Spring 2021 the Division of Nursing will be implementing a concept based curriculum for LPN-to-RN (ACCESS Track). This track offers advanced standing to practicing licensed practical nurses graduating from a nursing program other than the Cuyahoga Community College Practical Nursing Program or those completing the current practical nursing program at Cuyahoga Community College prior to the fall semester of 2020.

Upon successful completion of the associate degree nursing program requirements, graduates are eligible to take the National Council Licensure Examination for Registered Nurses. The program is highly

individualized and blends classroom instruction that offers students excellent hands-on experience in real world health care settings.

Note: This program admits students in the Spring Semester and it is a modified evening/weekend program.

All students are admitted using the admission process below for the LPN to RN ACCESS Track:

Step One: Seek advisement from counseling

Step Two: Prior to requesting admission into the Nursing Program the following must be done:

- Students must be 18 years or older and have a high school diploma transcript, GED Equivalency or higher degree transcript on file in the Office of the Registrar.
- Complete the following required pre-requisite coursework with a "C" or higher unless otherwise stated:

Prerequisite Course work

Code	Title	Credit Hours
BIO-2331	Anatomy and Physiology I (Must be completed with a grade of "B" or higher) ¹	4
MATH-1240	Contemporary Mathematics	3
NURS-1250	LPN to RN Transitions I ²	3
Select one of the following:		3
ENG-1010	College Composition I ³	
ENG-101H	Honors College Composition I	
Select one of the following:		3
PSY-1010	General Psychology	
PSY-101H	Honors General Psychology	

¹ BIO-1100 Introduction to Biological Chemistry, or CHEM-1010 Introduction to Inorganic Chemistry and CHEM-1020 Introduction to Organic Chemistry and Biochemistry with a grade of "C" or higher in each, or appropriate score on Biology Placement Test is required to enroll in BIO-2331 Anatomy and Physiology I. BIO-2331 must be completed with a grade of "B" or higher.

² Students must successfully complete the HESI LPN TO RN Mobility Exam before admission to the program. NURS-1250 may not be repeated.

³ Students who transfer credits for ENG-1020 College Composition II with a grade of "C" or higher and do not have credit for ENG-1010 will have ENG-1010 waived, but the required 6 credit hours in Communication/Mathematics/Natural & Physical Sciences must be earned

- LPN-to-RN applicants must have these additional requirements:
 - Licensed in Ohio without restriction (Student must maintain a license without restriction during program attendance)
 - Graduated from an approved practical nursing program
 - Submit an official transcript from Practical Nursing Program.
 - Credentialed to administer medication by the Ohio Board of Nursing (OBN)
 - Transcript(s) from other college(s) filed with the Office of the Registrar as required under general admission requirements
 - All transcripts should be mailed to the:

- Office of the Registrar, P.O. Box 5966, Cleveland, OH 44101-0966 for all Advanced Placement LPN-to-RN applicants.
- AP credit accepted by the college can be used to meet prerequisite requirements. Please refer to <https://www.tri-c.edu/get-started/credit-for-prior-learning/advanced-placement-credit.html> for additional information about the College's policy regarding AP credit.
- Students who transfer in credits for ENG-1020 with a grade of C or higher, without having credit for ENG-1010 will have ENG-1010 waived, but the required 6 hours in Communication must be earned.
- Courses used as prerequisites or core courses for the Health Careers Programs must have a traditional letter grade. The Pass/No Pass option for prerequisites and core courses will not be accepted by the Health Career and Nursing Programs. Students are responsible for consulting with their program director or counselor to determine Pass/No Pass grading options.
- A cumulative Grade Point Average (GPA) of 2.75 from Tri-C with a minimum of 9 credit hours from courses that maybe used to meet the general education requirements for the Associate of Applied Science Degree. If an applicant's Tri-C GPA is less than 2.75, transfer GPA from an accredited institution as recognized by the college can be used for admission criteria only if the student has 9 credit hours of courses that maybe used to meet the general education requirements and an overall GPA of 2.75 or higher.
- Students who have completed Health related courses may apply to use these courses to meet the 9 credit hour requirement. These courses are subject to division approval only.
- Applicants to the Advanced Placement LPN-to-RN program may use their LPN official transcript to meet GPA requirements for entrance if the overall GPA is a 2.75 or higher.

Step Three:

LPN to RN applicants are required to take The Health Education Systems Inc. LPN-ADN Mobility Exam. Students can complete the HESI LPN-ADN Mobility Exam at any time during the application process, but must complete it prior to beginning NURS 1260 – LPN Transitions II and achieve a minimum score of 850.

There is a limit of 1 attempt per month and 2 attempts in a 12-month period.

Step Four:

Meet criteria and request to be reviewed.

Submit an Online Request for Review once the above criteria has been met at <https://www.tri-c.edu/programs/nursing/admission-information.html>

Please note, having one of these areas missing will result in a declined review.

***Applicants are encouraged to submit an application as soon as admission requirements are completed in order to reserve a space in the program. Support courses can be completed during the interim period while waiting to enter the Nurse Program sequence. Admission is based on first come basis until program is filled.

***Students who accept a slot in the nursing program (with a specific starting date for nursing courses) and do not attend orientation, decline a slot after orientation, do not attend the first day of class, do not meet all medical record, health insurance, CPR, and/or background check requirements will be required to re-start the application process. Students

admitted for a fall semester may reapply after Sept. 1st; students admitted for a spring semester may apply after February 1st. Students must meet all current admission requirements at the time of application.

Note: for placement deadlines, please refer to <http://www.tri-c.edu/programs/nursing/currently-placing.html>

Background Check Information (BCI)

The completion of a criminal background check (BCI) is one of the admission requirements to the nursing program. The background check is required to ascertain (I) the ability of students to eventually become licensed in the profession and (II) the ability of students to attend mandatory clinical rotations at external facilities in accordance with the requirements of the program.

Because a criminal history can have different effects at the educational, licensure, and employment levels, when a person is considering pursuing a nursing career, it is best to have as much information as possible prior to deciding to enroll in a nursing program. The Board encourages individuals who have criminal histories and who are interested in pursuing a nursing career to: (1) Contact approved nursing education programs and ask about the programs' enrollment criteria with respect to criminal convictions; (2) Review the criminal history information available on the Board's website under the Criminal Records Check, and (3) Contact healthcare facilities and inquire about hiring criteria with respect to criminal convictions. <https://nursing.ohio.gov/licensing-certification-ce/>

Effective January 12, 2013, the BCI process may begin no sooner than six months prior to entry into the program. (Program entry is defined as the first day of class in which the student begins the nursing program).

The BCI must be completed, reviewed and cleared prior to full acceptance into the program. The BCI will be valid as long as the student is continually enrolled in the nursing program. Students who leave and return to the program may be required to complete another BCI check.

Background checks completed by another vendor, employer, or while enrolled at another school/institution will not be accepted.

For general information on student BCIs please see: <http://www.tri-c.edu/programs/healthcareers/Pages/BackgroundCheckInformation>

IMMUNIZATIONS

For the most current immunization requirements please visit: <http://www.tri-c.edu/programs/health-careers/documents/hcn-immunization-and-req-completion-guide.pdf>. You are encouraged to review and begin obtaining the required documentation as soon as possible. Please note that the requirements can change depending on the hospital/health care facility agreements.

BLS/CPR CERTIFICATION

A course in cardiopulmonary resuscitation must be completed prior to the scheduled orientation date. Students are required to provide documentation of the current professional level CPR course. The required CPR course must be a BLS for Healthcare Providers course earned through the American Heart Association (AHA). No other course will be accepted. When submitting documentation of AHA certification a copy of the card, certified letter, certificate, electronic verification, eCard, or other form of validation deemed acceptable by the program may be used. When submitting a CPR card for documentation of certification, the copy of the card must be front and back of the card. The card, letter, or certificate must be signed. If submitting the eCard certificate of completion, it must show the unique ID and QR code for verification purposes. Students who

fail to complete the approved course in cardiopulmonary resuscitation will be administratively dropped from the program. Students must maintain current CPR certification throughout the Nursing Program.

Health Care Requirement

Prospective students must complete and submit certain requirements for consideration and/or placement in the nursing program. Once accepted into the program, nursing students must maintain these requirements or they will not be permitted into any clinical setting. The maintenance of accurate and up-to-date information of all requirements is the sole responsibility of the student.

For additional information on the Health Care Requirements, please visit: <https://www.tri-c.edu/programs/health-careers/clinical-compliance-how-to-videos.html>

Program Learning Outcomes

This program is designed to prepare students to demonstrate the following learning outcomes:

Level 2: Registered Nurse

Human Flourishing

1. Advocate for patients and families in ways that promote their self-determination, integrity, and on-going growth as human beings. (NLN)
2. Recognize the patient or designee as the source of control and full partner in providing compassionate and coordinated care based on respect for patient's preferences, values, and needs. (QSEN)

Professional Identity

1. Implement one's role as a nurse in ways that reflect integrity, responsibility, ethical practices, and evolving identity as a nurse committed to evidence base practice, caring, advocacy, and safe, quality care for diverse patients within the family and community context. (NLN)
2. Function effectively within nursing and inter-professional teams, fostering open communication, mutual respect, and shared decision-making to achieve quality patient care. (QSEN)

Nursing Judgement

1. Make judgements in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients within a family and community context. (NLN)
2. Minimize risk of harm to patients and providers through both system effectiveness and individual performance. (QSEN)

Spirit of Inquiry

1. Examine the evidence that underlies clinical nursing practice to challenge the status quo, question underlying assumptions, and offer new insight to improve the quality of care for patients, families, and communities. (NLN)
2. Use information management (informatics) principles, techniques, and systems, and patient care technology to communicate, manage knowledge, mitigate error, and support decision-making. (QSEN)
3. Use data to monitor the outcomes of care processes and use improvement methods to design and test changes to continuously improve the quality and safety of health care systems. (QSEN)
4. Integrate best evidence-based practice with clinical expertise, patient/family preferences, and values for the delivery of optimal health care. (QSEN)

Note: The first semester of this program is Spring; the Second Semester is the Fall; the Third Semester is Spring, and the Fourth Semester is Fall.

Suggested Semester Sequence

Program Admissions Requirements Semester		Credit Hours
BIO-2331	Anatomy and Physiology I ⁴	4
MATH-1240	Contemporary Mathematics (or higher) ²	3
NURS-1250	LPN to RN Transitions I ²	3
Select one of the following:		3
ENG-1010	College Composition I ¹	
ENG-101H	Honors College Composition I	
Select one of the following:		3
PSY-1010	General Psychology	
PSY-101H	Honors General Psychology	
Credit Hours		16
First Semester		
NURS-1260	LPN to RN Transitions II ³	6
BIO-2341	Anatomy and Physiology II ⁴	4
Select one of the following:		4
PSY-2020	Life Span Development	
PSY-202H	Honors Life Span Development	
Credit Hours		14
Second Semester		
NURS-1210	Concepts of Nursing Care for Patients in Community and Behavioral Health Settings	2
NURS-1230	Concepts of Nursing Care of Childbearing Families and Children	4
Select one of the following:		3
ENG-1020	College Composition II	
ENG-102H	Honors College Composition II	
Credit Hours		9
Third Semester		
BIO-2500	Microbiology ⁴	4
NURS-2000	Concepts of Nursing Care for Patients with Acute Unstable and Chronic Conditions II	6
Credit Hours		10
Fourth Semester		
NURS-2010	Concepts of Nursing Care for Patients with Complex Conditions	6
Credit Hours		6
Total Credit Hours		55

¹ Students who transfer credits for ENG-1020 College Composition II with a grade of "C" or higher and do not have credit for ENG-1010 College Composition I will have ENG-1010 waived, but the required 6 credit hours in Communication/Mathematics/Natural & Physical Sciences must be earned.

² NURS-1250 LPN to RN Transitions I may only be taken once.

- ³ After successful completion of NURS-1250 LPN to RN Transitions I and while enrolled in NURS-1260 LPN to RN Transitions II, students will be required to complete the Credit for Prior Learning By-Pass Credit form (available at the Academic Affairs Dean's Office) requesting By-Pass credit for NURS-1000, 1010, 1200, 1220, and 1240 (15 credit hours) or if eligible apply for transfer credit for NURS-1000, 1010, 1200, 1220, and 1240 through the Career Technical Assurance Guide (CTAG) process.
- ⁴ A grade of "B" or higher is required in all science coursework for graduation.
