² MET-2550 Engineering Analysis Using MATLAB or IT-1090 Computer Applications will be accepted in place of MET-1120 Computer Applications and Programming to meet this requirement.

³ CNST-1731 Construction Print Reading may be used to meet this requirement.

⁴ CNST-2510 Introduction to Asset Management or MET-2500 Fundamentals of Products Development and Manufacture will be accepted in place of MET-2750 Technical Operations Management.

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a

counselor to determine the appropriate math required for your current major.
