MATH-1410 Elementary Probability and Statistics I recommended for students planning to transfer.

³ DIET-1200 Basic Nutrition will be accepted in place of DIET-1220

Nutrition for Dental Hygiene.

⁴ Students must earn a grade of "C" or better in all required courses to earn the AAS in Dental Hygiene.

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a counselor to determine the appropriate math required for your current major.

¹ CHEM-1010 Introduction to Inorganic Chemistry and CHEM-1020 Introduction to Organic Chemistry and Biochemistry may be taken in place of BIO-1100 Introduction to Biological Chemistry.

² MATH-1240 Contemporary Mathematics taken prior to Fall 2024 will be accepted to meet the mathematics requirement for this program.
