MATH-1420, MATH-1470, MATH-1490, and MATH-1500 will expire from the Ohio Transfer 36 at the end of Fall 2026. Taken after Fall 2026, these courses will no longer count towards fulfilling the college-level mathematics requirements or any open Ohio Transfer 36 elective requirements.

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a counselor to determine the appropriate math required for your current major.
