

STUDENT ACCESSIBILITY SERVICES (SAS)

The Student Accessibility Services (SAS) Office provides classroom accommodations and support for Tri-C students with disabilities. Students should complete the "New to SAS" online registration form on the SAS homepage first, then schedule an appointment to meet with an SAS Student Advisor and provide documentation of disability to receive services. Services are individualized and may include advising, test proctoring, books in alternate format, assistive technology, and sign language interpreting. Some services may require several weeks to arrange. The SAS Office is funded by the U.S. Department of Education, the State of Ohio, and Tri-C. For more information, visit www.tri-c.edu/student-accessibility-services or call the SAS Office on your campus:
